Why Advanced Cable Ties?

Advanced Cable Ties is an ISO 9001:2015 registered company with products meeting the most current UL and CSA standards including UL Type 21S and Military Standard SAE-AS23190A. In short, our Cable Tie products are superior by anyone’s standards. We continually lead the industry with a unique combination of low insertion force and high tensile strengths.

Our quality standards are equaled by our tradition of exceptional service. When calling Advanced Cable Ties, you will always be greeted personally and professionally. Your purchase orders and technical requests are handled with great care and rapid response. Advanced Cable Ties has a knowledgeable team of Regional Managers, Independent Representatives, and Customer Service Associates always striving to better understand the needs of your business and make a positive impact on your company and its products.

Advanced Cable Ties is an industry leader in New Product Development to support distributor growth and provide engineering solutions for demanding applications. Extraordinary manufacturing capacity, a commitment to unmatched finished goods inventory, world class quality systems, and USA production makes Advanced Cable Ties the perfect choice for a strategic supplier.

We invite you to meet with our team, visit our website, tour our USA manufacturing operation, or request samples of our products. We are confident you will be completely satisfied with every aspect of your experience with Advanced Cable Ties.

ADVANCED TOOLING AND ENGINEERING + ADVANCED MATERIAL PROCESSING = ADVANCED CABLE TIES
### Catalog Index

**Standard Cable Ties**
- Miniature - 18 LB Series .................. 4
- Intermediate - 40 LB Series ............. 5
- Standard - 50 LB Series ................. 6
- Light Heavy Duty - 120 LB Series ...... 7
- Heavy Duty - 175 LB Series ............. 8
- Extra Heavy Duty - 250 LB Series ...... 8
- Mil-Spec .................................. 9
- Colors .................................... 10
- Convenience Packaging .................. 11

**Specialty Cable Ties**
- Dual Loop Series .......................... 12
- Mounting Hole Series ..................... 12
- Fir Tree Series ............................ 13
- Push Mount & Push Mount Wing .......... 13
- Releasable - Extended Pawl & Tab ...... 14
- Air Handling .............................. 15
- Air Handling Mounting Hole ............. 15
- Identification & Flag Ties, ID Plates .. 15
- Beaded .................................... 16
- Double Head ............................... 16

**Engineered Materials**
- Nylon 12 - Solar .......................... 17
- Cold Weather .............................. 17
- Heat Stabilized ............................ 18-20
- Impact Resistant .......................... 21
- Metal Detectable .......................... 22
- Stainless Steel - Uncoated & Coated ... 23-24

**Tools**
- Removal .................................... 25
- Installation / Tension .................... 25

**Cable Tie Accessories**
- Mounting Bases ............................ 26
- Mounts ..................................... 27-29
- Clamps .................................... 30

**Wire Routing & Abrasion Protection**
- Split Loom .................................. 31
- Spiral Wrap .................................. 32

**Specialty Packs, Kits & Color Assortments** ............ 33

**Conductivity**
- Terminals & Wire Connectors ............ 34

**Retail** ..................................... 35

---

**WWW.ADVANCEDCABLETIES.COM**
Advanced Cable Ties extensive selection of standard Cable Ties are available in lengths from 4” up to 48” and loop tensile strengths from 18 to 250 pounds. Standard Cable Ties, in select sizes, are manufactured in 14 different colors which are considered the most vibrant and consistent in the industry. All standard Cable Ties are available in multiple package quantities to meet your needs. Advanced Cable Ties products meet the most current MIL-SPEC, UL, and CSA standards.

UV Colors are available in all sizes. Minimum order quantity required. Please contact our customer service department for more information: 800-861-7228. Thank you.
Advanced Cable Ties understands your business. We recognize that, at times, ordering bulk packaging may not meet the needs of your business. This is why we developed convenience packaged product. Fewer Cable Ties in a bag and only 10 bags in a case make this a perfect option for quick inventory turns and retail point of purchase displays. Advanced Cable Ties offers a complete line of Cable Ties designed in packaging to meet your needs. Please see the charts below for details on available sizes and colors.

SPECIALTY CABLE TIES

Sometimes, an application demands more of an engineered solution. Advanced Cable Ties provides a broad selection of specialty Cable Ties to meet the need of critical path components. Cable Ties with mounting holes, releasable features, identification solutions, multi-head, and application-specific products are all available from Advanced Cable Ties.

**NYLON 12 CABLE TIES**

The unique properties of Nylon 12 make it the choice for engineers designing for Solar and Wind Power applications as well as other extreme climate environments. The stability of the material and durability of the Cable Tie allow for ultra-long lasting performance under the most demanding applications. Advanced Cable Ties produces a complete range of sizes with availability in convenient contractor packaging of 100 per bag and 1,000 per case.

**COLD WEATHER CABLE TIES**

Advanced Cable Ties manufactures products specifically for cold weather applications. A special additive allows cable ties to be more flexible compared to standard cable ties during the installation process. Ideal for applications where cable ties are left outside during cold weather, such as for mobile maintenance contractors.

HEAT STABILIZED CABLE TIES

For demanding high temperature applications such as automotive and transportation, Advanced Cable Ties manufactures a complete line of Heat Stabilized products. These Cable Ties are produced using a unique formulation of materials resulting in superior performance and long life in high temperature environments up to 257°F.

ENGINEERED CABLE TIES

IMPACT RESISTANT CABLE TIES

Impact Resistant Cable Ties are designed to meet the most demanding applications combining High Impacts, Vibration, High Temperatures, and Weather. These Cable Ties are perfect for light and heavy duty transportation use as well as Agriculture equipment.

MH Cable Tie - 8” = #10 Screw, 15” = 1/4” Screw.

Sold in case quantities.
Advanced Cable Ties manufactures an extensive line of Metal Detectable Cable Ties and Accessories. Today, strict requirements in food processing facilities require the use of metal detectable plastic products on or around conveyor systems or above production lines. To prevent injury or ingestion of foreign objects, processed foods pass through metal detection equipment before final packaging.

Advanced Cable Ties metal detectable products are FDA approved for direct food contact and available in a unique identifiable Teal color.

Advanced Cable Ties diverse Stainless Steel product line provides unique engineering solutions including sizes from 6” up to 27” lengths and tensile strengths from 150 up to 450 pounds. All options are available in coated and uncoated versions. Stainless Steel is perfect for demanding applications with high temperatures and corrosive environments.

**QUICK REFERENCE**

For Nylon 12 Cable Ties
See Page 17

For Mounting Bases
See Page 26
Advanced Cable Ties offers an exceptional product family of tools for tensioning, cutting, and removal of a variety of Cable Ties. All Tools are designed for ease and speed of use.

Our patented, American-Made Cable Tie Removal Tool provides a highly engineered solution to costly damage to wire harnesses and cable installations. The unique design safely cuts the Cable Ties and leaves the wire untouched. The MG-1300 and MG-1400 have an ergonomic handle design and ultra long life expectancy.

COO: CN Sold individually.
Setting the industry standard for reliability and quality, Advanced Cable Ties manufactures a comprehensive line of Adhesive backed and Screw Mounts for all types of applications. Adhesive Mount design includes a convenient center hole, four-way Cable Tie entry and patented “Stay-N-Place” tab which holds the Cable Tie in place during installation. Adhesive options are available in Rubber and Acrylic and all adhesive backed mounts are available in an easy to use two mount set.

Advanced Cable Ties also offers unique screw mounts, push mounts, button mounts, and a complete line of Cable Clamps to meet the challenge of the most demanding installation.

Sold per roll.
Sometimes, one type of Cable Tie is not enough.

Advanced Cable Ties has developed the solution through a unique selection of Cable Tie Kits, Assortments, and Specialty Packs. These are available in a variety of size options, unit volumes, and price points. Most assortments are available in Natural, UV Black and Colors.
To complement our extensive product line of Cable Ties and Wire Management products, we also offer our customers the opportunity for single source alternatives for Connectivity and Conductivity.

**VINYL TERMINALS**

**BARRIER STRIPS**

**HEAT SHRINK TERMINALS**

**WIRE CONNECTOR SOCKETS**

**WIRE CONNECTORS (ACTCAPS)**

**NYLON DOUBLE CRIMP TERMINALS**

**STANDARD WIRE CONNECTORS**
